

January 10th Budget presentation on the School Budget

Superintendent search:

- Posted; emailed stakeholders in School Department to be part of the search, need 15-16 people
- Have heard from 13 people
- Feb 6th is an in-person session

Superintendent report:

- Inclement weather
- There are 5 traditional snow days (non-remote) after 5 are used they may have remote snow days depending on many factors
- Lou relies on other superintendents, highway department and other schools to make a decision
- If possible, Lou would like to make the decision the night before; but if that day usually staff know by 5 am and community by 6 am through various news channels, texts, emails, USD website etc.
- Ultimately, the parents have the final say on whether to send them to school or not

Reviewed policies below policies:
